Laugh and the world laughs with you..or so they say:

Teacher-"Where are the Andes?"

Student-"Attached to your wrists"

After heavy rain the drain in the basement flooded. I put my boots on and was starting down the steps when I realised it was too deep for my boots.

My friend suggested as he was shorter he should go down and wear my boots as they would come up higher on him.

Roses are red, Violets are blue..the boss is in, but he wont see you.

Sam-Mum can I have another apple.

Mum-Another apple? They don't grow on trees you know.

Salesman; the machine will cut your work in half.

Customer- great I will take two of them.

GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

The year saw changes to the service provision.

Two registered charities took over from 1st January 2018 the running of The Wheel 2 Learn-East Bristol Advice & Information Centres and Out 'n About Disabled Travel Service as part of the expansion and development of the 24:7 service. This allowed AT4U the opportunity to support in greater details service provision for disabled persons of any age, status and cultural background.

The fleet still stood at 8 vehicles-3 minibuses and 5 accessible cars.

From 1st January 2018 AT4U manages the fleet, administration, Invoicing and fleet daily running over-seeing.

It was also agreed that AT4U would charge for its services to both charities and administer the sales ledgers of both charities.

Also as part of the expansion the AT4U Group was set up to co-ordinate the logistics of one stop shop accessible transport for individuals in Bristol and South West of England.

In so doing, becoming more cost effective and efficient.

Membership-569

Miles travelled- 113629

People transported-14128

Website visits-10,246

Due to resources limitations during the year AT4U acknowledged it was not possible to provide transport to and from South Bristol Skills Academy or to or from South Bristol between the hours of 8am and 4pm. This reduced the service level considerably. This has to be remedied and fundraising is stepping up to improve the situation from 2019/2020 onwards.

Aims are for improvement and development primarily falls on the need to finance and increase the fleet but more importantly to recruit empathetic drivers which is proving very difficult to do. Most applicants believe it is a taxi service whereas it is not it is a supportive and stress free transport service to aid and assist vulnerable and disabled individuals to help them improve their quality of life.

Stakeholders-funders helping to sustain the service-

Sobel Foundation, Baily Thomas Fund, Wessex Water, Renishaw plc, Matthew Wrightson Charity, Moose International, Bernays CT, Alchemy Foundation, Bayer plc, Sylvia Waddilove Foundation, Souter CT, David Solomons CT, Lalonde Trust, ESG Robinson CT, AN McKechnie Foundation, Truemark Trust, WO Street CT, Steven Bloch CT, Carron CS, Roger Vere Foundation, Burgess Salmon CT, Mary Heap CT, City of Bristol College, AgeUK, LD Aware, Bristol City Council, South Gloucestershire Council, Kingsweston School, Careforum-Wellaware, Community Navigators, St Monicas, Torch.

WANTED-We are looking for empathetic drivers

and would like to help us make a difference to the lives of disabled people.

Hours are flexible.

It is a permanent paid job or can be voluntary if you prefer.

Please get in touch by email with your cv and we can arrange an informal chat over a cuppa.

Admin support- volunteer opportunity-help us please!

We find we need help in the office. Answering the telephone, taking bookings, dealing with post in and out and generally assisting Mike and Martyn on a day to day basis.

Of course most importantly making tea and coffee....and dusting and vacuuming.

Hours are flexible and we thought 8am until 1pm for one person and a second person 2pm until 5pm.

If you are interested please let us know. Training will be given and as we can provide transport to get to and from the office. You will not be working on your own because Mike and sometimes Martyn will be there too.

The office at 54 Staple Hill Road-outside and in.

The office is shared by AT4U, EBAIC, DTS and has a minimum of 5 projects operating from the site.

The directors and trustees are looking forward to the 2019/2020 year because from demands coming into the Group the revenue/income will substantially increase and membership surpass the plan.

AT4U is changing its accounting period to 31st March 2020 and thereafter 31st March each year so that the Group can report a clear activity situation. A ONE STOP SHOP FOR ACCESSIBLE TRANSPORT for Disabled individuals in South West of England and elsewhere as requested.
